*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

No other of the larger divisions of historical study has been so rarely presented in our Universities by men well acquainted with the primary sources of information and abreast of the changes which each year's excavations have brought. Much of the best source material is not yet available, in translated form, to the teacher. As a result the High School teacher of ancient history is, to an unusual degree, at the mercy of his text-book and the more scholarly histories which may boast his command. This text-book has been written with the desire to put into the hands of High School teachers and pupils, in simple and concrete form, the story of the development of ancient civilization as it appears in the light of the historical material recently discovered. It is the outcome of more than a decade of teaching, both in High School and University classes, during which the writers' respect for the spirit of the Greek and Roman world and his interest in its achievement have continually ripened with increased acquaintance. The attempt has been made to present the progress of ancient civilization as a continuous and unified process. The writer has felt it necessary to give, in simple terms, as much of the business and social background as the limited space afforded by the crowded High School curriculum might permit. The pupil must, above all, become acquainted with the great...
