Speculative!, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 140 x 127 mm. Language: English . Brand New. Man has conquered space, but not without costs. To maintain the space lanes, Scanners have to undergo an operation in which their brain is severed from their sensory inputs to block the pain of space. Scanner Martel has made this sacrifice. He must monitor his vital functions via implanted dials and instruments in his chest. His only respite from this isolated existence is his ability to occasionally cranch and return to some sort of normalcy with his wife, Luci. But now a man named Adam Stone has claimed that he has a found a way to travel in the deep of space without the use of the Scanners. Through the twisted logic of the community of Scanners, it is decided that Adam Stone must die. Martel, while crunched, realizes the madness of that solution and that all Scanners Live in Vain ! Voted by the Science Fiction Writers of America as one of the great stories of all time and is included in The Science Fiction Hall of Fame anthology.
