Gary Baxter, United States, 2013. Paperback. Book Condition: New. 276 x 214 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Presenting a clear and compelling historical and scientific support for the Bible's reliability, A Defence of the Bible brings together wide-ranging evidence and equips Christians with ready information to answer critics. Now in its second edition, A Defence of the Bible answers the common arguments used against Christianity and the Bible, including detailed responses to four major misconceptions: That Christianity is just another religion That science through the Theory of Evolution can explain our existence without the need for God That the Bible is merely a collection of ancient myths and is full of mistakes That Jesus Christ, if he ever existed, was merely a good man and was not God. A Defence of the Bible is published in large-format paperback, consisting of 182 full color pages with 185 images and 565 footnotes. Comments on the first edition: I just wanted to write you a quick note to say that I have just finished reading your book. It was absolutely incredible! I am sure I will refer to it again and again. I am especially excited about sharing it with one of my work colleagues. He is very interested in biblical evidence. Your book has come at just the right time and I do not believe in coincidences. This has God's fingerprints all over it! Thanks so much again Gary. You may never know (this side of heaven) what kind of eternal impact your research and teaching has had on people. I realize that you give all of the credit and glory to Christ, but I truly believe that (name of colleague) and several other seekers of the Truth will still be thanking you 10,000...
