D3 Publishing, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. A very riveting suspense story As the election year approaches, Addison Landon, an investigative reporter and political analyst, is about to uncover the most elaborate plot she, or anyone else for that matter, has ever seen. An actual plot to create the largest contiguous land empire in human history that began 646 years ago. What she uncovers is not an army that plans to overthrow governments by force, but a secret society that has ultimate political aspirations. Woven into the very political structure of Democracy that the United States holds dear to its heart, is a plot that is so well executed, that no one can see it.let alone stop it. Addison is in a race against the clock to piece together what are seemingly absurd clues that are linking her to the Mongolian Empire of 1206 AD and the ancestors of Genghis Khan himself. Ancestors that for 646 years have planned and executed the silent political takeover of the United States.
