Penguin Putnam Inc. Hardback. Book Condition: new. BRAND NEW, Under the Hood: Fire Up and Fine-Tune Your Employee Culture, Stan Slap, You can't sell it outside if you can't sell it inside You want maximum business performance? Look under the hood and you'll find your employee culture: it is the power that drives the enterprise engine. To harness that rumbling power you've got to solve the mystery of what an employee culture actually is, how it operates and how to move it forward. These are the keys that this book will put right in your hands. Renowned business culture expert Stan Slap knows the difference between understanding your employees and understanding your employee culture. The distinction isn't semantics; it's the key to whether your strategies will succeed or fail. This myth-busting book reveals why an employee culture is an independent organism with its own rules, beliefs, and motivations--and the power to make or break any management plan (and any manager right along with it). Why are company values the most dangerous threat to gaining its trust? If you have a wonderful employee culture, this book will help you scale it. If you have a troubled employee culture, this book will help you fix it. If you have an employee culture under pressure, this book...
