Hot Air

By Sandrine Dumas Roy, Emmanuelle Houssais, Sarah Ardizzone

Phoenix Yard Books. Paperback. Book Condition: new. BRAND NEW, Hot Air, Sandrine Dumas Roy, Emmanuelle Houssais, Sarah Ardizzone, Hot Air is a beautiful new look at global warming. The animals know something is wrong with the planet. But what? Farting cows, of course! Can the animals ever agree on a sustainable solution? And will they find it in time? REVIEWS: "A fresh perspective on climate change, as animals from all over the planet take matters into their own paws and claws in order to identify what's causing the rise in temperature that is affecting everyone's habitat and, having pinned it down to flatulent bovines, put their snouts and beaks together to come up with some kind of solution. It's a smart narrative that's stylishly illustrated - and framed neither as a lecture nor a morality tale, but rather, as a problem waiting for an innovative response. Do your learners agree that farting cows are the main issue facing our planet today? What other potential dangers to the environment can they identify? And what clever ideas might they suggest in order to counteract them?" -- TEACH PRIMARY. "Hot Air introduces children to the very complex subjects of global warming and climate..."

Reviews

I actually started looking over this publication. It really is rally interesting through studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at any moment of your time (that's what catalogues are for concerning when you ask me).
