Highlights from Separate Yourself Young professionals have a huge opportunity to differentiate themselves.your business behavior and common sense can be the reason you succeed. Remember, it's much less painful to be prepared and not need it, than to need it and not be prepared. The subtle ability that allows you to recall and document the logic behind your decisions is very valuable. What leaders and readers are saying about Separate Yourself Light is shined on many professional topics and their potential ramifications that most young adults have not considered. It provides insight that many would have loved to have received as they began their own careers. Separate Yourself is a must read for any college student or young professional! Jody Leis, Young Professional Separate Yourself spoke directly to me as a college student looking to advance in the business world. The examples of business behavior are things I've never learned in class but are clearly going to be important. From commonsense business advice to the importance of balancing your career and family life, this book covers a variety of great topics I would not otherwise be exposed to. Kyle Hamilton, Business Major, Purdue University Wouldn't it be great if we could learn then live rather than live and learn ? This book is not a compilation of untested theories but packed with experience, commonsense and subtleties that are obvious, but rarely considered. It's also a fun read filled with entertaining stories and examples. Separate Yourself is a must read for life-long learners of every age! Jon McDugle, Lead Pastor Mentor.
