The Mushroom Book: A Popular Guide to the Identification and Study of Our Commoner Fungi, with Special Emphasis on the Edible Varieties

By Nina L. Marshall

CreateSpace Independent Publishing Platform. Paperback.
Book Condition: New. This item is printed on demand.

Paperback. 286 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. An excerpt from the Authors PREFACE: THE author of this book makes no claim to the discovery of the facts presented. The material has all been drawn from monographs written by men who have made specialties of the different divisions of fungi. A list of works consulted is given at the close of this book. The plates are reproductions of photographs made by Mr. J. A. Anderson. They are as true to nature as it is possible to make them with the best methods of reproduction now known, and by them alone an acquaintance with many species may be acquired. Many of the cuts have been redrawn by the author from various reliable sources, and many have been drawn directly from nature. With a few exceptions, the line drawings of sections were made from the specimens photographed. It has been the aim of the author to write a book simple enough to serve as a source of knowledge for the many who, though busy with other pursuits, yet take an interest in science and wish to obtain information...
