Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Abbe De Lamennais: And the Liberal Catholic Movement in France L homme devient de plus en plus religieux. - Comte. Man tends to become more and more religious. When the great French philosopher, founder of the Religion of Humanity, gave utterance to this profound thought, he had already witnessed the progress of the movement to which he owned his place in the history of human aspiration; and he did but sum up the results, so far as they were known to him, of the constructive efforts which have marked the present century, and of which his own system was the most striking example. Towards the end of the preceding period a cold blast of analytic and irreligious criticism had passed over the thinking world, leaving behind it a state of things wherein the soul of man [had] become void, and into the void [had] entered the seven devils of secularity.
