

Wealth and Power: China's Long March to the Twenty-First Century (Paperback)

Filesize: 7.51 MB

Reviews

Completely essential go through book. It really is simplistic but excitement inside the 50 % of the pdf. I am very easily will get a satisfaction of studying a composed book.

Little, Brown Book Group, United Kingdom, 2013. Paperback. Book Condition: New. 233 x 154 mm. Language: English . Brand New Book. By now everyone knows the basic facts of China's rise to pre-eminence over the past three decades. But how did this erstwhile sleeping giant finally manage to arrive at its current phase of dynamic growth? How, after such a long and painful period of dynastic decline, intellectual upheaval and revolution, foreign occupation and civil war, did a country once derided as the sick man of Asia manage to break out of its old pattern of repeatedly failed reform efforts to burst forth onto the world stage with such an impressive run of hyperdevelopment and wealth creation? How did the century-long succession of failures to change somehow culminate in the extraordinary dynamism of China today? By examining the lives of eleven influential officials, writers, activists, and leaders whose contributions helped create modern China, *Wealth and Power* addresses these questions. This fascinating survey begins in the lead-up to the first Opium War with Wei Yuan, the nineteenth-century scholar and reformer who was one of the first to urge China to borrow ideas from the West. It concludes in our time with human-rights advocate and Nobel Peace Prize laureate Liu Xiaobo, an outspoken opponent of single-party rule. Along the way, we meet titans of Chinese history, intellectuals and political figures. By unwrapping the intellectual antecedents of today's resurgent China, Orville Schell and John Delury supply much-needed insight into the country's tortured progression from nineteenth-century decline to twenty-first-century boom. By looking backward into the past to understand forces at work for hundreds of years, they help us understand China today and the future that this singular country is helping shape for all of us.
