The limitations that are placed on us are usually accepted due to the fact that everyone, barring the few, want to work and live within the law. Imagine if you would, waking up one morning to discover that someone with this type of power had decided that you were needed to perform a special task. This could entail selling your body to a certain person of their choice or breaking the law in a very different way. If you get caught while attempting either of those things or flatly refuse to go through with it, then they would have you arrested on set up charges that would see you imprisoned for many a year. This is just what happened to the person in this story, one night he'd gone out on the town and everything was fine, then the following morning when he woke he discovered that in a very short time, his entire world had been turned upside down and all hell was about to be let loose. Now he is a hunted man and quickly discovers that the people after him were intent on playing a deadly game and he was their prey!.
