The Cyclops Case: A Judge Marcus Flavius Severus Mystery in Ancient Rome (Paperback)

By Alan Scribner

Createspace, United States, 2013. Paperback. Book Condition: New. 202 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****. Judge Severus returns in The Cyclops Case. The year is now 161 CE, three years after the events in the highly acclaimed and best selling historical mystery Mars the Avenger. The philosopher emperor Marcus Aurelius has been emperor for only a few months and Persia has invaded the Roman Empire. Marcus Flavius Severus, Judge in the Court of the Urban Prefect in the City of Rome is on vacation at the Bay of Naples with his family. This is the ancient Roman riviera, the Crater, famous for combining rampant pleasure-seeking and high culture with license and corruption. There, one night on the beach, the notorious General Cyclops, who is slated for recall to the army, has been stabbed through his good eye. Severus is assigned by the authorities in Rome to investigate. The Cyclops case launches Severus into a web of murder, robbery and counterfeiting, ranging in time from the Second Jewish Revolt 30 years in the past to Severus present. It also puts him in the middle of an espionage duel involving the Roman and Persian secret...
