Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Have you had a hard day? Are you looking for something you can sit down with and let yourself drift away from the worlds worries? Well this may just be the solution for you! Grab a cup of tea or a glass of wine (for you sassy colorists) and pick out your favourite supplies and relax while you color in one of the adorable animal babies collected in this book just for you. Over 30 images of gorgeous fluffy babies have been selected for your coloring pleasure, edited and arranged on the page to give you plenty of room should you wish to cut them out and frame your finished masterpiece. Greyscale coloring is fast becoming a popular past time for colorists as they search for ways to bring challenge and realism into their works. It allows colorists to make use of the image as a guide to learn shading techniques and help develop depth. Not to mention some of the images are just plain cute! There is a certain amount of difficulty to coloring a greyscaled image, but just remember, there are no mistakes in art. Just breath, take your time and enjoy the process. This book is recommended for colored pencils, pastels and gel pens. A page has been provided hidden at the back of the book for you to test out your supplies so you don t need to worry about ruining any of the pages. Thanks for checking out my book and I wish you happy coloring!.
