Palgrave Macmillan, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This book is essential for understanding the early national system of collegiate education in the United States. Potts, one of a very small number of the leading historians of higher education, has here pulled together an indispensable sourcebook on Yale's Reports of 1828, perhaps the most influential document of the era. Everyone seriously interested in the origins of American colleges will want this book for his library." - Stanley N. Katz, Director, Center for Arts and Cultural Policy Studies, Woodrow Wilson School, Princeton University "With this marvelous work of historical scholarship, Potts makes Yale's Reports of 1828 accessible not only by the act of reprinting but also by undertaking the scholarly work of placing this document into context and rightly insisting upon its continuing relevance to liberal learning, which we now reference as critical thinking. Too often caricatured, the Yale document is foundational for the liberal arts tradition in the United States. It ranks in importance with Charles W. Eliot's "Inaugural Address" (1869) as president of Harvard and Harvard's postwar faculty report, General Education in a Free Society (1945). Together, these documents are fundamental for any consideration of the future of liberal education." - Thomas Bender, University Professor of the Humanities and Professor of History, New York University "With rich detail Potts sets in context an educational landmark often cited but all too shallowly understood. His insightful interpretation should find admirers in the broadest reaches of social and intellectual history." - Hugh Hawkins, Anson D. Morse Professor of History and American Studies, emeritus, Amherst College "With its superb introductory essay, this book will be an indispensable acquisition for any library that holds materials on the history of American education. It will also be indispensable for any..."
